DOMINATOR CORPORATION

600 E. 95th St.
KANSAS CITY, MISSOURI 64131
816-EM 3-8388

One man measures any distance accurately at walking speed

MODEL 200

A favorite with traffic officers and law enforcement agencies. Ideal for accident investigations, measuring skid marks, road widths, vehicle positions. Useful for locating signs, curb markings, traffic controls. Light, compact, fits easily into glove compartment. Records in feet and inches (tenths of feet optional). Complete with leather carrying case. Weighs only 2 3/4 lbs. Black, white or orange enamel finish.

MODEL 112

Two-wheel stability. Records distance automatically. Adds, subtracts and measures up to 1,000' without resetting. Telescoping handle extends from 24 to 40 inches. Heavy duty construction for long, dependable performance under extreme service conditions. Measures in feet and inches (tenths of feet optional).

Write for literature, prices and our 15-day free trial offer.

- Wide Selection of Styles, Colors and Attachments

JOSEPH S. BURCH 169

MCLAUGHLIN 500

ERIC LIEBRICH 669

JAMES CARTER 100

DONALD T. LEACH 550

TRAFFIC DIVISION 551

ROBERT ARCHER

Shown 7/8 actual size

ALL METAL STYLES (169, 500, 669) Trim, tailored 1/4" thick solid brass. Corners and edges carefully polished, silky smooth. Lettering deeply engraved, lacquer-filled for sharpness and contrast. Available polished or satin finish, Gold or Silver plate. Lettering in Black, Dk. Blue, Dk. Green or Red. One line lettering on all, or 2 lines on No. 500 if desired.

METAL FRAMED STYLES (100, 550, 551) Smooth plastic backgrounds framed in feather-light, high purity aluminum bases. Available in wide choice of plastic colors or grains to complement uniforms. Lettering machine cut and lacquer-filled, in Black, Dk. Blue, Dk. Green, Red or White. One line lettering on 100, 1 or 2 on others. Frames anodized in polished Gold or Silver.

CHOICE OF FASTENERS

All fasteners permanently swaged in, not soldered. Patented **ADJUSTO-LOK** Clutch fastener (left) most popular; notched stud allows 3 positions, prevents slipping. Screw or Pinback also available on all nameplates. Pocket Clip on framed styles, or special Exec-U-Tab on 551 for dress suit pockets.

J. C. SUTTON

Slips onto all Reeves Nameplates. Sculptured all-metal in satin Gold or Silver, with hard-fired enamel targets. Available for Marksman, Sharpshooter, Expert or Master. Also available as separate bar insignia, or whistle hook, with clutch fasteners.

YEARS-OF-SERVICE AWARDS

Reward faithful service, encourage personal pride. All metal in Gold or Silver finishes, lettering engraved in choice of colors. Attaches instantly to any Reeves nameplate.

Free Samples and Full Color Folder

Sample any style (no wording choice) free to dept. heads for evaluation. Quantity discount prices included.

The Koehler Method of GUARD DOG TRAINING

by William Koehler

This hard-hitting new book answers a question every enforcement group is asking today: *Can Guard Dogs help us?* With a resounding yes! the author gives expert advice to help you choose, train and maintain security dogs for every purpose.

- **Home Protection:** Training and care for the family guard dog of any size or breed.
- **Plant Security:** Instructions for use in warehouses, stores, factories and defense plants.
- **Police:** How to find, train and maintain dogs for patrol work in your community.
- **Military:** Selection and training for scout and sentry work.

Bill Koehler has trained more than 15,000 dogs of all breeds. Formerly a top instructor for the K-9 Corps he is now Chief Trainer for the world's largest kennel club, Orange Empire of California, and the Walt Disney Studios in Hollywood.

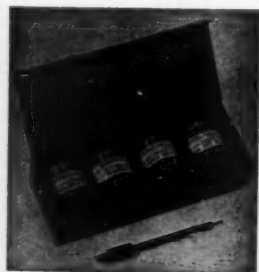

76 PHOTOGRAPHS AND DRAWINGS in this 400 page book show the best breeds to train—how to work with a dog—training materials—the correction of faults—housing—and much more.

If greater security or protection is your need send this coupon now.

UNITROL

DO YOU FACE THESE PROBLEMS?

1. Do you need costly new switches or panels every-time you add equipment or change vehicles?
2. Are dashboards defaced by cumbersome switch panels that take up valuable space?
3. When seconds count are drivers fumbling for switches to activate warning lights, siren, or accessories?

Cities across the nation are finding a proven, low-cost answer to these problems with UNITROL packaged switching systems.

UNITROL'S single switch automatically controls warning lights, headlights, horn ring and siren floor switch. Your choice of accessory switches operate an outside loud-speaker, shotgun rack, brake light cut-off, etc. One, compact, easily installed unit does it.

Will UNITROL work for you? Absolutely! UNITROL fits any vehicle...operates all types of lights, sirens, and accessories. One of three basic models will be customized to fit your exact needs.

Write for complete details on how you can try UNITROL in your fleet...free and with no obligation.

LAW & ORDER • DECEMBER 1967 119

You Don't Have to Call Scotland Yard to Identify Almost Any Microscopic Particle

Just get a copy of this new PARTICLE ATLAS, place it beside your microscope, and you'll have immediate, positive identification of your particle . . . accurate as a fingerprint!

THE PARTICLE ATLAS presents 512 FULL-COLOR photomicrographs (2 5/8" x 3 3/8") of particles from

- biologicals
- abrasives
- cements
- fertilizers
- polymers
- industrial dust
- rocks and minerals
- catalysts
- detergents and cleaners
- food processing
- metals refining and processing
- combustion products

THE PARTICLE ATLAS also includes in one big volume a complete handbook on the preparation of slides and microscopic techniques for particle identification, along with a Michel Lévy chart, drawings, color illustrations of dispersion staining, morphological tables and a complete cross-index.

For the first time in scientific history, a reference is available which may well revolutionize particle identification.

WHO NEEDS A PARTICLE ATLAS? You'll want one for your library or laboratory if you're in:

- | | |
|--------------------|-------------------|
| Aerospace | Metallurgy |
| Agriculture | Microbiology |
| Aviation | Microchemistry |
| Criminalistics | Parenterals |
| Electronics | Pollution Control |
| Food Processing | Quality Control |
| Industrial Hygiene | |

The work of Dr. Walter C. McCrone, Ronald G. Draftz, John G. Delly, THE PARTICLE ATLAS is available for immediate delivery at \$125 per copy. Write for additional information, or **ORDER YOURS TODAY.**
